To whom it may concern:

Several years ago I was introduced to Mr. Alan Schissel and Integrated Security Services when I retired from the New York City Police Department. In 2004 I became the Director of Security for The Town School, a prestigious private school located on the Upper Eastside of Manhattan. One of my first tasks was to identify an extremely reliable security firm that I can count on regardless of what the event or special circumstance was. After doing a thorough search I heard many good things about Mr. Schissel and his executive team through former colleagues in the police department, as well as among security directors at other private schools. I have found Intergrated Security as a great fit for myself and the school. Very soon thereafter I understand what Mr. Schissel and his company has to offer, 24 hours / 7 days a week.

Since 2004, I have enjoyed the benefits of working very closely with Mr. Schissel, Mr. Perry Kantor and Mr. Lawrence Teitle, Division Head of Integrated's Investigative Unit. Together, they have coordinated my security officer needs as well as implementing a pre-employment screening protocol for all staff and faculty. In the 10 years I have worked with Integrated Security Services, I have always relied on the experience and knowledge they bring with their services which has guided me through many challenging security and safety initiatives over the years. I believe what sums it up is that Mr. Schissel and his company, has proven the ability to manage in highly sensitive work environments with the utmost discretion and professionalism.
